

SHAIK AYUB

MERN Full Stack Developer

Phone: +91-7780425397 — Email: skayub929@gmail.com — LinkedIn: linkedin.com/in/shaik-ayub7

Summary

MERN Full Stack Developer with hands-on experience in building responsive and scalable web applications using React.js, Node.js, Express.js, and MongoDB. Skilled in JavaScript, REST API development, and frontend UI design. Passionate about clean code, performance optimization, and problem solving.

Skills

JavaScript, React.js, Node.js, Express.js, MongoDB, SQL, HTML5, CSS3, Tailwind CSS, Bootstrap, Next.js, TypeScript, REST APIs, Git, GitHub, VS Code

Projects

Tab Time Tracker

- Built a Chrome Extension using JavaScript to track time spent on websites accurately.
- Implemented domain-based aggregation to avoid duplicate tab tracking.
- Displayed real-time usage statistics in hours, minutes, and seconds.
- Used Chrome Extension APIs and background scripts for data handling.

GPT Genius

- Developed an AI-powered web application using React.js and Google Gemini API.
- Implemented prompt handling, API integration, and real-time response rendering.
- Improved user experience with loading states and error handling.

Cloud Link Weather App

- Created a React-based weather application using a third-party Weather API.
- Fetched and displayed live temperature, humidity, wind speed, and conditions.
- Implemented city search functionality with validation and error handling.

Task Manager App

- Built a task management application using React.js for daily productivity tracking.
- Implemented CRUD operations using React state management.
- Persisted tasks using browser local storage.
